

Perks Ranch/Walnut Springs Farms
Production Sale
November 1, 2008
at Perks Ranch, Rockford, Illinois

Dear Red Angus Friends,

This sale represents the best of the best from Perks Ranch. We are proud to offer to you, outstanding bred heifers and bred cows that carry potential show winning calves and potential Herd Sires. We also are proud to offer some of the best heifer calves that we have ever raised. This year we are also pleased to offer a Herd Bull prospect that has the physical attributes and the genetic punch to enhance beef cattle performance in any herd!

Since purchasing our foundation Red Angus females from VonForell in 1997, Perks Ranch has been committed to raising efficient beef cattle by selecting herd sires and retaining females that produce better performing cattle. This herd has demonstrated, and documented results of better feed conversion, carcass traits, mothering and forage ability with the best of all breeds.

As we selected this year's sale lots, we have become excited to share these genetics and young cattle with you, since we sincerely believe that they do offer something special and of value to any serious cattle person. We are encouraged by the results we see in our pastures, and want this offering to continue the pace of change for you.

We are also pleased to have the Karweik's involved with us and think their offering will add additional interest and opportunity to our Red Angus friends.

So please join us November 1st to enjoy time with fellow cattlemen, and make a selection for herd improvement and operation efficiency!

Best Regards,

Doug and Mary Perks
Craig and Brenda Crutcher

Calving Ease • Performance • Fertility • Efficiency • Functionality

The Walnut Springs Farms family welcomes you to our 1st Annual Production sale with Perks Ranch. We are honored to be a part of this event with Doug, Craig and the rest of the Perks Ranch family.

We invite you to study and scrutinize each lot being offered on November 1. Each lot in this sale represents cow families and genetics we believe in and continue to promote within our own herds.

We believe a sound breeding program, stringent selection criteria and a critical culling program are paramount to identifying the genetic make-up that truly defines a 'Great Cow Family'. The cattle offered are the 'Cream of the Crop'. They are truly unique in their combination of all of the traits that make a cow family memorable, including sound structure with a great foot. You probably noticed the numerous traits surrounding our introductory letter. These were all found in the September 2008 ARA magazine describing the Red Angus breed. These also represent the foundation and philosophy of our programs.

Raising Red Angus, in fact, raising cattle is a lifestyle choice which requires passion and commitment. Vincent, Celia and Ellie are 4th generation cattle breeders, involved not only in our operation, but also in 4-H, FFA and collegiate livestock judging.

Today we are grateful to have been able to pursue our passion of raising 'elite' cattle with unique and outcross genetics that we believe will add value to any program. The Red Angus breed is emerging as a force to be reckoned with. Red Angus bulls are selling at all time highs. Elite Reg Angus females are making their way into other breed programs as foundation cows. The Red Angus breed has met its stride and the cattle offered here are ready to make a mark on your program.

The WSF program is solely a family operation that continues to relish the friendships forged throughout the years. We are eternally thankful for all of the assistance our families, friends, and neighbors from all over the US and Canada have provided. We are exceptionally proud and thankful to Vincent, Celia and Ellie, our children and our partners.

Please call us, Doug, Craig, Bryan or Kyle with any questions. We look forward to hearing from you and seeing you at the sale on November 1.

Sincerely,
The Karweiks

From Bryan....

Welcome to the '1st Annual Perks Ranch and Walnut Springs Farms Production Sale' from Mackenzie Management. We are very enthused to be a part of this inaugural event for these two operations. Although having a sale is nothing new for the folks at Perks Ranch, this is certainly ground breaking territory for the Karweik family. Whenever a new event takes place, the planning, the preparation and nervous anticipation can be overwhelming! I am very much amazed at how the whole concept is starting to take place. As you browse thru this catalogue and take in the pedigrees, the service information to many new and exciting bulls and finally the pictures, remember, this is a brand new sale and not the 10th annual or the 20th as it may seem. A remarkable set of cattle have been assembled for you to enjoy as either a live spectator at the sale or on the internet or thru the phone lines. There will be something for all involved whether it be a mouthwatering show heifer prospect, a future donor cow or an incredible herd bull prospect. Nothing has been held back and no expense spared in these two Red Angus breeders quest for excellence! I am looking forward to working again on the block doing commentary alongside my good friend Kyle Gilchrist. The sale on November 1 in Rockford, Illinois will be a lot of fun; you'll have an opportunity at a superb set of sale cattle and we can all share some hospitality with Perks and Walnut Springs. Give me, the sale hosts or Kyle and Amy a call if we can help in any way. Looking forward to seeing you at the sale.

Regards,

Bryan MacKenzie, MacKenzie Sales Management

'The 180 Degree Female' — Olivia's pedigree reads like a who's who. With Mulberry, New Trend and Bodacious in her background, these are the genetics that will turn programs around. At the World Angus Forum Futurity in Canada, she was named the Grand Champion Angus heifer calf in 2007. She won the second leg of the Futurity in Olds in September this year directly out of the pasture, dressed in her working cloths. Genetics, phenotype and performance in one package. Look for exciting offerings from this fabulous female in the future.

We stepped out and purchased some awesome Mulberry heifers last fall and 20T came from Brylor's Tradition with A Vision event. Her Dam, 12K, was the \$17,000 high selling cow and is a tremendous daughter of New Trend 22D. Karma's maternal brother sold for \$16,750 this spring. He was also the Reserve Grand Champion bull at the Iowa State Fair. AI'd to the \$35,000 Pasquale x New Trend bred bull that was named the Canadian Gold Show Grand Champion Bull in July 2008.

AI'd to Red Brylor SDL Squall 230S on April 2.

When shopping for a herd bull, look no further than November 1st at the WSF/Perks sale. Look at the pure raw power and absolute herd bull profile to him. He has pedigree, performance and his EPD's are the envy of the entire pen. He's a stud and his dam was just named Reserve Senior Champion female at the Iowa State Fair this summer. 63J is now an awesome donor cow at WSF. When searching for your next bull on November 1 you'll also get to see how Cherok's dam looks in person. She is possibly the stoutest, thickest made Red Angus cow you will ever see. Just ask Kyle Gilchrist.

Selling ½ interest and possession of U2212. Already a Champion in his own right. He comes from a long line of winners. He is the Iowa State Fair Junior Bull Calf Champion and Michigan State Fair Grand Champion Red Angus bull and Reserve Supreme Champion Bull. His dam, selling next, with a full sister to Bentley at side, was named the Grand Champion Female in Des Moines in 2007. The sire, Loaded 25R absolutely blew the doors off in Fehrman's dispersal in September with his sire group. He too was named Reserve Junior Champion bull in Denver 2007. This bull calf might just be the next one we have all waited for. Remember, buy a herd bull when you see one, not when you need one!

Selling ½ Interest – Open ready to flush
Here she is, selling in real life at the first annual WSF/Perks female sale. She is truly a great cow at Walnut Springs and knows how to produce the good ones. ½ interest of her 2007 daughter sold in Denver for \$3300 and her son sells as Lot 8 today. This cow was named the 2007 Iowa State Fair Grand Champion female. She is well on her way to making huge waves as a donor cow and you can be a part of it. Sold Open, Ready to flush.

Selling 1/2 Interest with management remaining at WSF.

A tremendous heifer of 2 great parents from the Brylor and Walnut Springs programs. Bodasius 79K is an ET son of MacKenzie's signature cow 40X. He sired the dam of the current reigning show heifer Olivia 2T that's won every show she's been at in Canada, and now we own her. Bodasius is sired by the 3 time Denver Champion Bull Bodacious. The Dam, 28M, purchased by WSF in 2004 and managed by Brylor, produced a \$27,500 bull at Brylor's named CYT Lead Pine 14P who had huge performance, 205 adj. wt 846 and 365 adj. wt of 1584. A full brother to H9 sold in Denver last year at the Mile High Sale at \$4000. She's AI'd to the 2004 National Reserve Grand Champion Bull at Louisville, 309R.

Partnership heifer with Brylor Ranch ★ Outcross genetics
Something old, something different.

Andrea, an ET heifer that traces back to Leachman's glory days with his Olivia family. It's the same family as the Olivia 2T heifer that Brylor is showing now that won back to back futurity titles as a heifer calf and now as a bred heifer leading up to the World Angus forum in July of 2009. 105T's Sire, Sharpshooter, is a full brother to Bullseye. They were \$42,000 and \$67,000 bulls at Leachman's in their respective years.

Here is a paternal granddaughter of the famous GEIS Prime Rib 411, the female maker. On the dam side she goes back to Fargo. She is wide topped, big boned, great footed and has been a favorite from the time she arrived from the Pieper herd as an open heifer. Her daughters are peas in a pod. They have the look, the bone, the udder and the performance the Fargo's are known for. Only the good ones sell on November 1.

Perks Chateau 309R, now deceased, produced quite the stir in his short life. 309R was named Reserve National Champion bull at the 2004 NAILE. Earlier that year he was the top selling bull in the Perks Ranch Performance Tested bull sale. 309R is sired by the famed sire of great females, Glacier Chateau 744. 309R is a maternal brother to Perks Advance 121R. The 309R progeny have been unbelievably good. His calves are consistent and can be found throughout the US and Canada wearing their working clothes. They get the job done in and out of the show ring. See lot 3, another example of the gorgeous females he makes. In Canada, bulls sired by 309R are very popular and have been known to top sales. And did you know that the Reserve Grand Champion bull at the 2nd leg of the World Angus Forum in Canada is a 309R son? Here is an opportunity to get some of the last remaining semen of a truly versatile bull.

Selling One Package of 3 #1 Frozen Embryos

An impressive and absolute power cow from the word go! She's a tank! Her dam is Brylor's signature cow (40X) and she's produced well over \$300,000 in her career. 63J has a phenomenal bull calf at side selling as lot 7. 63J has two other full sisters at Brylor. 66K, dam to Master Plan, Talisker, and Tahoe 270T; and 815J, the dam to the \$16,000 Tuscan. Another full sister sold this fall as the popular lot 1 in Canada's Red Round Up sale.

Guarantee one pregnancy if implanted by a certified technician.
Some embryos are exportable. FOB place of storage.

Selling One Package of 3 #1 Frozen Embryos

From Fine Line's record setting historical and breed altering dispersal last fall comes an opportunity to get some great frozen genetics from his 3rd high selling cow. 22M was bought in part with Scott Graham from Ontario for \$25,000. Look at her '08 superstar heifer calf and tell Mike, Kim and Scott that wasn't a good buy! She sells as lot 5.

Guarantee one pregnancy if implanted by a certified technician.
Some embryos are exportable. FOB place of storage.

Here are two of our best heifers that we have ever raised. They are sired by Get Western, which is the high performance bull that Pieper's raised. They are as attractive as you can design one or two. I did not want to sell either of these, but when it comes down to it you need to sell what you want to buy, and here they are. They are stout, deep, and sound. Your travels will stop here when you look at these 2. We are selling choice, so we are keeping the other one for the replacement pen.

Here is a set of embryo calves that are doing exactly what we thought they would do. These 2 heifers are some of the first Get 'R Done calves to be sold this fall. Get 'R Done was the high selling bull at Piepers spring sale in 2007. These calves are out of a Chateau 744 daughter that has done a great job for us. 839U and 843U are two heifers that are going to make great cows. If you want your next donor cow look right here.

Here he is. The next bull to make his mark on the industry. 217T has quite the reputation to uphold. He is a full brother to Super Vision. That alone should sell this guy, but wait a second. You begin to analyze 217T and he could be better than his brother. He is very thick, very sound, and comes out of a cow line that reads like a fairy tale. This is an individual that will sire calves that people have been waiting generations for. He is going to be accepted on paper, as we can already see, but he is going to add a bit more power to his calves. This bull is going to change the herds that he is used in. We are retaining ¼ semen revenue and ¼ interest on this bull. We feel this bull is destined for greatness.

Perks Bred Heifers

Miss Monu is a very complete, moderate framed cow that does a great job for us. 316R has the look that it takes to raise your next show calf and she also has what it takes to build a herd of great cows around. She is very deep ribbed and sound as a cat. **316R is safe in calf to Powerade. She was exposed from 6-6-2008 to 8-26-2008.**

632S is one of the first Thunder daughters to sell that is in production. She is out of an own daughter of Grand Prix that put everything she has into this young 2-year old. If you want to raise some great females this is one to watch. **She was exposed to Express from 6-6-2008 to 8-26-2008. Safe in calf.**

Reference Sires

RED Fine Line Mulberry 26P (CAN #:1237972)

Sire: Red Compass Mulberry 449M
Dam: Red Dus Fayette 8G

Mulberry 26P has quickly made his way into the 'Elite' category of bulls. His genetics can be found all over the world. At Brylor's 'Tradition with a Vision' sale in September, the Mulberry daughters averaged \$7500. Mulberry ran with cows all summer in Canada and looks phenomenal. His sons have topped sales all over Canada. At Brylor's bull sale this springs, 15 sons averaged \$9200. Remember that Mulberry was raised by Nick and Lorraine VanGalen at Fine Line Red Angus. You have an opportunity to invest in females from the Fine Line program throughout our sale offerings.

RED Brylor SDL Squall 230S (CAN #:1367321)

Sire: RED Brylor SDL Pasquale 213P
Dam: Red CYT Fanny 15P

Meet one of the breed's most up and coming, young low birth weight bulls with a lot of grow. Many of our cows and sale lots are bred to this phenomenal Pasquale 213P son. Very dark blood red with a lot of muscle and length of spine. Squall is calving ease bull that can compete and win. His 2008 show season is just getting started. In his first outing, he won the Alberta Angus "Gold Show". Look for many more successes from Squall.

SSS Onset 684T (CAN #:1411801)

Sire: Red SSS Storm 87M
Dam: SSS Erica 804L

Onset is a Black red gene carrier that we were lucky to purchase from Triple S Red Angus in Canada. This bull is deep bodied, big boned with a great dark foot. He is a complete outcross for all programs. We can't wait to see his calves. He ran with over 60 cows this breeding season and he came out of pasture in September in great rig. He will be a huge part of our program.

SALE TERMS & CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale Manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager: Kyle Gilchrist cell number is: (641) 919-1077.
