Dear Hereford Friends,

Pride of the Pasture represents the best of the best from Perks Ranch. We are proud to offer to you, outstanding Rambo daughters, show quality calves from past Denver Polled Hereford Champion, Reload and bred females that carry potential show winning calves. Rambo and Reload are nationally recognized herd sires that are unique in their physical attributes and have the genetic punch to enhance beef cattle performance in any herd!

Since purchasing our foundation Hereford females from Northern Pump in 1977, Perks Ranch has been committed to raising efficient beef cattle by selecting herd sires and retaining females that produce better performing cattle. This herd has demonstrated, and documented results of better feed conversion, carcass traits, mothering and forage ability with the best of all breeds.

As we selected this year's sale lots we have become excited to share these genetics and young cattle with you. We sincerely believe that they do offer something special and a value to any serious cattle person. We are encouraged by the results we see in our pastures and want this offering to continue the pace of change for you.

We are also pleased to have the Katzenberger's involved with us again and think their offering will add additional interest and opportunity to our Hereford friends.

So, please join us November 8th to enjoy time with fellow cattlemen and make a selection for herd improvement and operation efficiency!

Best Regards,

**Doug and Mary Perks
Craig and Brenda Crutcher
Wade Perks**

Greetings Fellow Hereford Friends,

It brings us great pleasure to welcome you to the Pride of the Pasture Sale again this year. We are so thankful to those of you that supported our program in the past and look forward to meeting you again on November 8th, in Rockford, Ill. Pride of the Pasture has allowed us to build a great relationship with Perks Ranch, bringing together two family operations that place a great value on family and youth.

Our program has been strengthened in recent years with the acquisitions of recognized donor females and champion lineage herd sires like Channing, Cricket, Bodie, Hot Shot and most recently CLF GCC Cutter who was named Reserve Supreme Champion at the Wisconsin State Fair. This year's selection runs deep with quality, offering show contenders for every division, proven genetics with very marketable pedigrees and cattle that meet the criteria of being the Pride of our Pasture.

Two thousand and eight was a great year for us as you can see from photos in this catalog. We are grateful for the opportunity to be able to travel and compete and for the many friends that we have made in the Hereford business. Because of the many school activities and extra curricular involvement for the kids that pull us in every direction, it has truly become a whole family operation that is worth all the effort.

We want to take this opportunity to thank Dean Yeagle for his many years of raising Hereford cattle, allowing us to acquire his herd and continue raising Herefords at his farm. He is a good friend and a wealth of Hereford knowledge.

In closing, we thank you for taking the time to evaluate the selections in this catalog. We hope that you are able to attend on Nov 8th however, if you cannot make it on sale day, our doors, and phones, are always open.

Sincerely,

**Eric, Rosie, Briana, Rhett and Madison Katzenberger
Aaron, Julie, Mariah, Brady and Marissa Katzenberger
Nick and Lenore Katzenberger**

- Rebecca is a fantastic Reload heifer with a beautiful milking 29F dam. Look at the quality of the Reload heifers in this sale. This heifer is representing herself the way her pedigree says she should. She is long and deep, conservatively marked and her performance EPDs rank in the top 10% in WW and YW and the top 5% in REA and CHB\$. I am not going to write a lot here because she speaks for herself. A Reload sister was Champion Female at the Wisconsin State Fair Junior Show.

Lot 2 — PRR Hard Candy 29U

- This is Hard Candy and she is sweet. We had great success last year with the Hard Drive heifers, so we decided to try a few again this year. This girl has many of the qualities one looks for in a show heifer but just as important, her pedigree and performance make her a potential breeding tool. Hard Candy is a double bred Keynote with the addition of Online. Her dam is an awesome uddered 29F daughter and we all know the value of those. She has a beautiful front end with lots of rib and capacity. Hard Candy will compete and then make a tremendous mother when her time comes.

Lot 3 — PR 80P Regina 8020

- Here is another outstanding Rambo daughter. Daisy was weaned early and taken to the Illinois State Fair where she won a very competitive February class. 8019 is one of the soundest heifers that you will find. She is extremely thick topped and square from the hip down. Daisy is very deep sided and has everything that it takes to make a donor cow. This is the heifer that you need to buy if you want to make an immediate impact on your herd.

- Here are two full embryo sisters from our donor cow, Dunwalke Pris E114 and BR DM Channing ET. Also full sisters to Lot 20A and 20B. Pris has been our senior donor the past seven years and has been very consistent in producing quality offspring. Her natural calf, Priscilla, sold last year going to Mud Creek Farms and Newnedyke Show Cattle for \$4,800. Diamond sold for \$4,900 to Spruce Hill Polled Herefords. Another heifer and a bull sold for \$3,000 and \$4,000 respectively. These two full sisters are the first Pris x Channing offspring available to the public. Very similar in type, just a little difference in size with 5A being a February and 5B being a March. We will offer you choice in these two heifers and we will keep the other.

- Joan is a very complete heifer that is hard to pick apart. She is out of a first calf heifer that has a beautiful udder. 8038 has the makings of a great replacement that is going to produce some very fancy calves. Don't forget that she can also go into the showing and take home a few ribbons while she is waiting to become a cow.

Lots 20A and 20B

- Here we have two full sisters to lots 5A and 5B and maternal sisters to Lot 40. These two high quality females come right from the heart of our donor program and our replacement pen. Their dam, Pris, is our lead donor at age 13 and has averaged \$4,200 on her last four progeny sold and more than \$300 per embryo. BR DM Channing speaks for himself. These bred heifers are very similar, just much different in age and due dates. Lot 20A, "Chelsea", is an April heifer bred to our new heifer bull STAR P28 Gunner 287T, a low birth weight son of Spearhead Magnum and STAR Angie Bette. Lot 20B, "Chantell", is a coming 2-year-old that will calve late this year to TLR Hot Shot, a son of National Champion SCF Fancy Judy Pace. Great numbers. Great pedigrees. Great opportunity. You can have first choice. We keep the other.

- Jessie and Herfelicious are two very attractive individuals. Jessie is a young 3-year-old Keymaster daughter that puts everything she has into her calves through her beautiful udder. Her first calf was shown successfully last year by Rhett and this year's calf, Herfelicious, has already been named a Reserve Champion Female for Madison. Herfelicious is a dark red, super fancy heifer out of National Champion Reload. Lot 26 has produced two top show heifers in a row. Let the next one be yours.
- Lot 26 cow sells bred to TLR Hot Shot, pasture exposed May 24, 2008. Expected EPD's of this mating are BW 4.3; WW 46; YW 76; MM 19; M&G 41; REA 0.45.
- Owned by Rhett and Madison Katzenberger.

- Penny is a proven Boyd Z86 daughter that has earned her keep over the years, making the cut for the Becketts and Ridgeview Farm. This dam has produced many outstanding calves over the years and this Channing heifer may be her best.
- Penny sells bred to LAKE PRR Bodie 254R ET, which keeps the mating similar to her past Kilo calves with the addition of SSF Vickie, dam of National Champion LAKE Laverne and donor cow for LaGrand and Purple Reign.
- Lot 28A has the depth and spring of rib that Channing passes on with the maternal characteristics and longevity of her mother.
- Lot 28 sells bred to LAKE PRR Bodie 254R, then pasture exposed May 24, 2008.

- This is a choice lot between dam and daughter, Bethany and Fabulosity. Lot 31 was Briana's first show heifer purchase from Star Lake. Bethany's grandam Sara was a past National Champion Cow. This 29F mother is a big, soggy brood cow that milks great with a weaning ratio of 100.5 on four calves despite losing a quarter as a 3-year-old. She has a real nice April Bodie heifer at side that shows lots of pizzazz with a great set of numbers to go with it. Bethany's 2007 Cricket steer was Champion at the Wisconsin preview and Reserve Champion at the Illinois preview.
- Lot 31 sells bred back to Cricket, exposed on June 10, 2008. Expected EPDs of this mating are BW 5.5; WW 49; YW 81; MM 16; M&G 40; REA 0.36
- Owned by Briana Katzenberger.

- This cow is another one of our Embracer 313K females that have done so well for us. Belle is very gentle and has a beautiful udder with small teats. A very maternal package with numbers that can cross with almost any bull. She has at side a sweet June heifer out of Illinois State Fair Champion, Cricket, a heifer that should show well and be very manageable for a younger project.
- Lot 34 sells bred to LAKE PRR Bodie 254R, then pasture exposed on June 10, 2008. Expected EPDs of this mating are BW 2.8; WW 41; YW 63; MM 16; M&G 3

- Here we have another outstanding young Embracer 313K daughter nursing a sharp little August heifer. Lizzy Mae is a maternal sister to Classy Lassie, Lot 7. This cow is a very low birth weight individual that is bred to another low birth weight individual in Bodie, stacking the predictability. This fancy August Cricket baby is special and would make a great project for any junior, especially a beginner that wants a younger heifer to show next summer.
- Lot 35 has been pasture exposed to LAKE PRR Bodie since calving Aug. 2, 2008. The lot 35A calf is doing well and has garnered enough interest to be split at the sale. Expected EPDs of this mating are BW 1.1; WW 40; YW 60; MM 19; M&G 39

FLUSH

We are offering you a chance to flush one of these four outstanding females. One proven donor is Pris E114, along with two outstanding young mothers, OHR Fantasia and LAKE MSU Ann and our newest champion, STAR TRF Loaded Lady. Your choice must be selected prior to January 1, 2009. The flush will be conducted in 2009 after calving. The buyer will be guaranteed six grade 1 embryos and all others beyond that. Buyer will pay all flushing and shipping expenses including those costs involving the semen. Pictured above are the females to choose from.

Terms of Flush Selling:

1. Plum River Ranch guarantees six grade one embryos. Any embryos over the guaranteed six are the property of the buyer. If less than six embryos are collected the price paid will be prorated back.
2. The flush will be done at Plum River Ranch. The buyer has the right to choose the sire for the flush, but is responsible for all cost for semen certificate and shipping.
3. Payment is to be made 50% at the time of the sale and 50% upon completion of flush.

Terms and Conditions

Bidding

The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

Terms

Terms of sale are cash unless satisfactory credit arrangements have been made with sale management prior to sale.

Purchaser's Risk

Each animal becomes the risk of the buyer as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to buyer, for a reasonable amount of time.

Certificate of Registry

A transferred certificate of registry will be furnished to the buyer for each animal at the time of payment.

Health

All animals are eligible for interstate shipment, and interstate health papers will be furnished for each animal requiring tuberculosis and brucellosis tests in accordance with federal regulations.

AI/Non-Owner Bull Permits

If a female is bred to a non-owned bull, a non-owner bull permit will be required for registration of the resulting calf and will be the responsibility of the individual submitting the application for registration unless otherwise specified between buyer and seller.

Announcements

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

Breeding Guarantee

All cattle in this sale are guaranteed in accordance with the rules and regulations of the American Hereford Association. Any female which is stated to be pregnancy checked safe in calf is guaranteed to be pregnant at the time of this sale. All females safe in calf or with a calf at side are thereby considered breeders with no further guarantee. All females who have been serviced, but not checked safe in calf, carry no guarantee on this breeding. Please listen carefully to special guarantees from the auction block during the sale. We will make every attempt within reason to stand behind our cattle.

Liability

All persons attending this sale and related functions do so at their own risk. Perks Ranch assumes no liability, legal or otherwise, for any accident that may occur.

Insurance

Insurance will be available on your purchases.

Identification

Seller offers each animal with readable tattoos corresponding to its registration.

Options and Privileges of Return or Adjustment

- a) All claims for adjustment or refund must be made in writing either within six months of the sale date or not later than six months after the animal reaches 18 months of age. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm/ranch of the seller if in good condition and complying with the health requirements of the seller's state. The seller shall be entitled to six months trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller, at the option of the buyer, shall replace the animal with another of equal value or refund the purchase price. The return of the full purchase price shall in any case be deemed full satisfaction and settlement. Any expenses incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the buyer. If the seller proves the animal to be a breeder, it shall be the obligation of the buyer to take delivery of the animal and pay all expenses incurred for transportation.

- b) If a female sold as "safe in calf" proves not to be in-calf, the buyer may receive service from the bull previously used. If the bull is not available, the seller shall be obligated to make a satisfactory adjustment on the purchase price upon return of the animal to the ranch of the seller. Any adjustment provided for herein shall absolve the seller from further liability, except in case such female proves to be a non-breeder. Any expense incurred for transportation shall be the responsibility of the buyer.
- c) If a female sold as "served" proves not to be in calf, or if a female sold as "pasture-bred" proves not to be in calf, the seller only guarantees such female to be a breeder.
- d) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm/ranch of the seller prior to calving for a refund of the full purchase price or for replacement with another animal of equal value, whichever is acceptable to the buyer. It shall be the obligation of the seller to bear any expense incurred for transportation.

Default

In the event the buyer defaults on payment, the buyer shall be responsible for all costs, including attorney's costs, incurred by sale management or seller in connection with collecting, or attempting to collect, payment due.

Seller's Semen Rights

Any semen rights retained by the seller must be announced from the auction box at the time of the sale, if not already printed in the sale catalog.

Rights and Obligations

The above terms and conditions of sale shall constitute a contract between the buyer and seller and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

Transportation

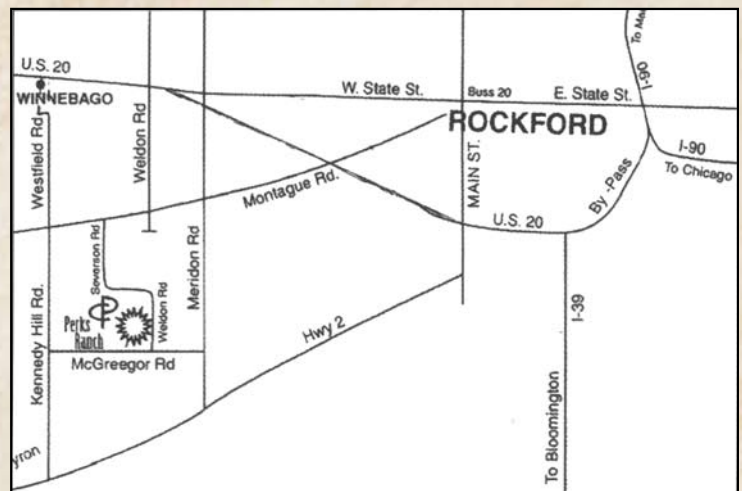

We will assist customers with trucking needs, please let us know prior to the sale if you will need your animals transported, so that we can help make arrangements.

Partnership animals

There will be no daily maintenance fee for partnership animals kept at our facilities. All embryos and expenses for flushing will be split between the owners and all natural calves will be owned by Plum River Ranch and Perks Ranch respectively. Unless other prior arrangements are made.

Travel and Accommodations

For travel assistance, contact Lenore Katzenberger at Travel Tastefully (815) 443-2763 or visit www.traveltastefully.com.
